Board Meetings

Objective

- A. To establish the meeting dates of regular monthly meetings of the Board of Directors.
- B. To provide for attendance at regular Board meetings by Members of the Association.
- C. To keep Members informed of the business activities of the Association.

- A. Effective on and after this date, the regular meetings of the Board of Directors shall be held on the third Friday of each calendar month. The regular meeting date may be changed by a poll of the Board of Directors, in advance, when the majority agrees to the change. All special meetings of the Board of Directors shall be called in accordance with the Bylaws of the Association.
- B. The General Manager or designee shall send out notices and an agenda for each meeting.
- C. The agenda and the minutes will be posted in accordance with the Bylaws of the Association and current state requirements.
- D. The Members of the Association shall have the right to attend any Board meeting and to observe the Board of Directors transact the business of the Association. If a Member wishes to address the Board, such communication shall be presented at the appropriate time in the agenda under Member Comments and in such a manner as to not disrupt the orderly process of Board business. It is the Policy of the Board that an informed Membership is essential for the success and progress of the Association.
- E. To make a presentation to the Board, the Member shall be listed on the agenda. To be on the agenda, the Association must receive a written request at least ten (10) days prior to the Board meeting requesting time on the agenda.

Board of Directors-General Manager Relations

Objective

A. To establish an understanding between the Board and the General Manager that will allow each the freedom to act in their individual areas of authority.

Policy

- A. The Board of Directors' primary authorities and functions are to study and approve the objectives, Policies, and other basic controls governing the administration of the Association and to select a General Manager to manage such affairs.
- B. The responsibilities of the General Manager, subject to Board Policy, are to manage the entire Association and, without limiting the generality of the foregoing, to supervise and direct credit, personnel, public relations, servicing, directing the maintenance and improvement of the Association's electric system, and in assuring Members of the Association that they are receiving the highest quality service at the most reasonable rate possible. The General Manager shall do all and everything necessary and incidental required to achieve the objectives of operating a successful electric cooperative association.
- C. The General Manager is given the full authority to carry out Policies of the Board. It is understood that the Board of Directors acts collectively and under an approved order of business. All directions, orders, and communications to the General Manager shall be given through the President of the Board, or in the President's absence, the Vice President of the Board, with the full knowledge of the Board, except in written communications authorized by action of the Board. In such cases, the Secretary of the Board of Directors will transmit Board orders.
- D. The Board shall systematically appraise the performance of the General Manager at least annually.
- E. The General Manager is responsible for creating the Association's succession plan. The Board will be informed of the succession plan at least annually.

Director Conduct

Objective

- A. To state the fiduciary duties of Directors and to clarify the standards of conduct for which they will be held accountable when serving on the Board.
- B. The powers of the Association are conferred upon and may be exercised by the Board of Directors, except as reserved to or conferred upon the Members by law, the Articles of Incorporation, or the Bylaws. It is the purpose of this Policy to identify or establish standards that such power may be exercised in the best interests of the Association.

- A. Directors are subject to legal standards of fiduciary responsibility. These include the duties of care and loyalty.
 - 1. Under the duty of care, directors are required to:
 - a. Exercise that degree of care that an ordinarily prudent person would exercise under similar circumstances.
 - b. Have or acquire the minimum knowledge and skills necessary to direct the affairs of the Association.
 - c. Make every effort to attend all meetings of the Board and to study materials sent prior to each Board meeting.
 - d. Study and adhere to all obligations imposed by the Articles of Incorporation, the Bylaws, contractual agreements, and Board Policies.
 - 2. Under the duty of loyalty, Directors are required to:
 - a. Act only in the best long-term interest of the Association.
 - b. Not have any financial interest in a directly competing business.
 - c. Avoid the appearance of any conflict of interest.
 - d. Avoid any future conflict of interest by refusing to receive any remuneration from any entity proposing to purchase all or substantially all of the assets of the Association.
 - e. Represent and support the interests of the Association to elected and public officials.
 - f. Publicly support decisions of the Board except in extraordinary circumstances where the Director believes that there is a clear and present threat to the survival of the Association. This standard applies to informal and formal communications.
- B. Regardless of any personal differences, Directors should:
 - 1. Demonstrate mutual respect.

- 2. Allow opportunity for every other Director to speak and to be heard on any matter being considered by the Board and listen carefully to the opinions and factual observations of other Directors.
- 3. This standard does not preclude fair and accurate publication of such differences to the Association's Members in relation to contests for Director elections or other matters to be voted upon by the Members.
- 4. Act collectively as the Board of Directors under an approved order of business. Each Director shall recognize that they have no authority to speak for the entire Board or for the General Manager except and unless they are specifically authorized or assigned such authority by the full Board of Directors.
- C. Any Director is entitled to have access to the Association's data or information, at reasonable times during the business hours for a proper purpose that is germane to their standing as a Member or Director.
- D. All requests for information shall be made through the General Manager. In no case shall such information be sought through other employees, agents, or independent contractors, unless after consultation with and being advised by the Association's attorney, because an actual or potential criminal activity of the General Manager is involved.
 - 1. In any instance in which a Director has sought access to information not generally made available or reported to the Board, the General Manager shall report on this at the next meeting of the Board.
 - 2. Information received by a Director pursuant to this Policy shall not be revealed by them to any other persons except to remaining Directors, General Manager and Association attorney unless they are sincerely convinced that they are compelled to do so by legal considerations.
 - 3. In no case should a Director reveal to others information or data they receive if the actual or potential effect of such revelation is to damage the Association, including its image, or to enable them and/or others to personally profit there from.
 - 4. All complaints, problems, and other matters should be communicated when they concern the Association, its employees, or Members through the General Manager. When an individual Director receives a complaint from the membership or general public, the Director shall refer the complaint to the General Manager and may request a full report to the Board of Directors of action taken. The General Manager is expected to periodically inform the Board regarding evidence of Members' satisfaction or dissatisfaction and the type and number of complaints.
 - 5. Regarding outage communications, all information will be provided in accordance with the Employee Internal Communications Procedure.

E. Good Faith and Fair Dealing

- 1. Every Director shall deal in good faith and fair dealing with every other Director and the General Manager in expressing their views, questions and concerns relating to the Association's Policies, rates, and programs. Good faith and fair play require:
 - a. All Directors should reveal all information or interests that they may have and that may bear upon action being considered by the Association.
 - b. Those Directors will not so pursue a position, inquiry, or motion as to unduly harass or annoy other Directors, the General Manager, employees, or independent contractors.

F. Conflict of Interest

- A conflict of interest exists when a Director has a personal interest in a matter of such a nature and magnitude that a conflict exists between the personal interest of the Director and the Association's interest that could potentially cause an inability to exercise independent and objective judgement on the matter. Personal interests may not technically involve the Director, but may involve relatives, business associates, or other individuals or organizations which the Director is closely associated.
- 2. The following statements will guide Directors in the management of affairs of the Association:
 - a. Directors shall not use their respective position or office for private gain for themselves or for other individuals or organizations with which they are associated. Directors shall not use the Association's name or their position in the Association to influence policies or to take political sides in any matter outside this Association unless it has been expressly authorized by the Board of Directors.
 - b. Directors shall not use inside information for private gain, either by direct action or by counsel, recommendations, or suggestions to other individuals or organizations with which they are associated.
 - c. Directors shall not receive or solicit from beneficiary organizations, related organizations, or other individuals having business with the Association, anything of value as a gift, loan, favor, or gratuity for themselves or any other individuals or organizations with which they are associated. De minimis gifts of less than fifty dollars (\$50.00) per year, per entity shall not violate this Policy.
 - d. Directors shall make a full disclosure to the Board of any facts indicating a conflict of interest. They shall disqualify themselves from participating in decisions posing a conflict of interest or the appearance of a conflict of interest. They may request an opinion of the Association's General Counsel before taking such action. Directors should keep in mind the opinion of the General Counsel is from the Association's Counsel and they should seek an opinion from their own personal counsel, if necessary.

- e. Directors may not disclose information obtained by virtue of their position as a Director before such information is made available to all members at the direction of the Board, nor provide such information to selected persons under circumstances giving business or other advantage to the Director or other persons.
- f. The Association shall not extend credit to any Director or the Director's affiliated company on any terms or in any amounts not available to any other member of the Association. Directors or their affiliated companies will receive no price or service advantage over that available to other members.
- g. Directors shall not receive the personal use of any Association property except as may be approved by the members or approved by the Board of Directors. Association smart devices, logos, service marks, products, intellectual property, trademarks, and letter head are Association property subject to this Policy.
- G. The Board of Directors is responsible for ensuring that the Association's affairs are conducted in compliance with this Policy and that each Director accepts their responsibility as set forth herein. Directors will be requested to submit an acknowledgement to the Board President on an annual basis affirming a knowledge and specific understanding of this Policy.
- H. Director communications with employees other than the General Manager shall be casual and conducted on a courteous basis, but not for the purpose of influencing an employee's position or attitude concerning Association-related activities.
- I. The President of the Board shall ensure that this Policy is followed.

Board Policy 1-11 Director Elections and Voting

Objective

A. To create general guidelines governing the voting process primarily for the election of Directors and for other matters established by the Association's Articles of Incorporation and Bylaws. These guidelines are intended to insure the fairness, impartiality, confidentiality, transparency, and integrity of the voting process.

- A. General: Neither the Board of Directors nor the Association shall take a position of support or opposition for any individual candidate for a Board election. Resources of the Association shall not be used to support or oppose a candidate for election. Board Directors are prohibited from sending individual newsletters using Association resources. Each Member of the Association shall be entitled to one (1) vote upon each matter submitted to a vote at any meeting of the Members. At all meetings of the Members at which a quorum is present, all questions shall be decided by a vote of a majority of the Members voting in person and, for the election of Directors and where authorized by resolution of the Board, by mail or by electronic means, except as otherwise provided by law, the Articles of Incorporation or Bylaws.
- B. Election Supervisor: The Board may utilize the services of a third-party provider to receive, prepare and secure the return envelopes containing ballots, and at the appropriate time, tabulate ballots and report noting results to the Board.
- C. Nomination, Election and Voting Requirements: Elections for members of the Board of Directors will be held at the annual meeting of the Association. The date, time and location for the annual meeting will be posted on the Association's website no less than six (6) months prior to the meeting.
 - 1. Any Member in good standing of the Association is eligible to submit a nomination petition to become a candidate for the Board of Directors. Nominating petitions must be signed by at least fifteen (15) qualified Members of the Association and submitted to the Board no less than sixty (60) days prior to the election.
 - 2. Ballots and the "Notice of Annual Meeting" shall be mailed to all Members of the Association at the Member's billing address approximately thirty (30) days prior to the annual meeting.
 - 3. All mail in ballots shall contain a return envelope which must be signed by the Member. Return envelopes should conceal the markings on the ballot. The address on the return envelopes will be specified by the independent third-party. Members who vote by mail are not allowed to vote at the annual meeting.

- 4. The deadline for casting ballots shall be posted on the Association's website at least three (3) months prior to the deadline. Information on how to become a candidate and the schedule of election shall be mailed to each Member and posted on the Association's website no less than two (2) months prior to the date nominating petitions are due. The ballot position of a qualified Director candidate will be determined on a random basis.
- 5. The ballot that is mailed to Members shall contain voting instructions and biographical information about each qualified Director candidate. Candidates will be identified by name, hometown, and length of membership. A candidate may submit up to a two hundred fifty (250) word summary of the candidate's qualifications and biography for inclusion in the biographical information. This information shall comply with Board Policy 1-9.
- 6. From time to time, a Member may request a replacement ballot. The Member will be advised that the Member may vote in person at the annual meeting or by electronic means. Should that be unsatisfactory, a ballot and attendant information will be reissued to them. Should the Association receive more than one (1) ballot from any one (1) Member, then all ballots from said Member will be declared invalid.
- 7. The independent third-party will receive the return envelopes and maintain care, custody, and control of the return envelopes until the tabulation process is completed. The tabulation process shall be completed by the independent third-party within a reasonable time agreed upon; candidates shall be given the opportunity to be present during the ballot tabulation.
- D. Voting Qualifications: Only Members of the Association may sign a nomination petition and only Members may vote at regular and special meetings of Members. As a practical matter, the Association asks Members to certify the Member's membership by the Member's signature on petition forms and return envelopes containing ballots. The Association verifies membership based upon that Member's record and application for service. From time to time, such signatures may vary from the Association's records requiring a determination of validity. Specific membership types and acceptable signatures for each include, but are not limited to, the following:
 - 1. Individual Membership: The Member of record's signature. In the case of a joint membership, one (1) signature from any joint Member is acceptable on a return envelope, and one (1) signature is acceptable on a nomination petition. A Member's spouse or civil union partner cannot sign the return envelope unless it is a joint membership.
 - 2. Corporation Membership: The signature of an officer or assistant officer of the corporation such as President, Vice President, Secretary or Treasurer.
 - 3. Unincorporated Entity Membership: The signature of an authorized representative.

- 4. Unsigned return envelopes will invalidate any ballot contained therein. More than one (1) return envelope from any Member will invalidate all ballots from that Member.
- E. Ballot Procedures: For each election, a printed ballot, together with a return envelope containing a signature line by the voting Member shall be mailed to each Member. Each Member shall be instructed that if the Member wishes to vote, the ballot shall be marked in accordance with instruction to be placed on each ballot, the ballot shall then be mailed to the designated independent third-party in a return envelope, which must be signed by the Member. Return envelopes not signed by a Member shall not be counted. Generally, the process of receiving, preparing, and securing the return envelopes will be in the care, custody, and control of the selected independent third-party. Ballots may also be cast by electronic means through the independent third-party.
 - 1. Return envelopes shall be addressed to the independent third-party selected. The independent third-party will keep them unopened and secure until the tabulation process begins at the designated time and location prior to the business portion of the annual meeting of Members.
 - 2. The return envelope shall have affixed to them a Member name and address label generated from membership records of the Association. The envelope shall have a signature block for the Member's signature, printed name, and title. Other appropriate information and directions will also be provided. Any ballots delivered to the Association in person or by mail shall be delivered by secure means to the independent third-party prior to the annual meeting.
 - 3. The independent third-party and the Association's employees, while under the supervision of the independent third-party, shall:
 - a. Maintain an accounting of the number of return envelopes.
 - b. Sort envelopes into groups after comparing the Members label to the signature block. The groups include:
 - i. Envelopes signed by the Member, officer, or authorized representative.
 - ii. Envelopes unsigned.
- F. Tabulation: Once balloting has been closed, the independent third-party shall supervise the transport and be in control of all return envelopes and any ballots cast in person to secure site to begin the ballot counting process.
 - 1. A qualified Director candidate may have one (1) representative observe the tabulation process. The candidate's representative shall not interfere with the counting process or make challenges until the final count is tabulated. The candidate's representative shall not be in the area where the ballots are located so that such representative can touch or otherwise be in proximity to the ballots. Such challenges are to be made to the Association in writing.
 - 2. The independent third-party shall develop the party's own methods of counting, crosschecking, recording and report the results. Handling questionable or

irregular ballots will be determined by the independent third-party's representative, in consultation with the Association's attorney.

Preservation of Records

Objective

A. The purpose of this Policy is to ensure the reasonable and good faith retention of all records created by or under the control of the Association, whether paper or electronic, that are necessary or advisable to retain for: business operations; historical value; accounting, audit, tax and financial purposes; compliance with applicable law; possible future use in litigation involving the Association; and possible future use in an official proceeding or governmental investigation, audit or other matter. Other records, which are not necessary to retain for these reasons, shall be destroyed in accordance with the guidelines set forth in this Policy. All other information that is not a record should be discarded after it has fulfilled its purpose to avoid the unnecessary expense and effort that would be required to preserve it. A legal hold notice shall be issued when it becomes necessary to preserve a record or other information otherwise scheduled or due for ordinary and appropriate destruction in accordance with this Policy.

- A. Records of the Association, which may be in electronic or paper form, shall be retained in accordance with this Policy. Records that do not need to be retained shall be destroyed after the requisite retention period, if any, has passed. A log or other documentation of records destruction may be created to track compliance and assist in evaluating the effectiveness of this Policy. Pending or potential litigation, governmental investigation and other circumstances may require a "hold" or suspension of regularly scheduled destruction of records or other information. Employees will be promptly notified of any such hold by the Association's attorney. The format of the hold notification is shown in Appendix II of this Policy.
- B. Definitions: Unless otherwise indicated in this Policy, the following terms will have the meanings provided in this section.
 - 1. Active Data/Records Electronic or paper records and information that are presently in use or are immediately accessible to users.
 - 2. Archival Data/Records Electronic or paper records and information that are not directly accessible to users, but which are maintained long term and accessible with some effort.
 - 3. Backup Data/Records Electronic or paper records and information that are not presently in use and which are routinely stored on portable media (e.g., disks, magnetic tape) and/or off-site and are a source for disaster recovery.
 - 4. Distributed Data/Records Data living on portable media or "non-local" devices (e.g., tablets, smart phones, employee home computer, application service provider, ISPs). Most is probably "active" data.

- 5. ESI "Electronically Stored Information" Any file, document, data, image, database, etc. that is stored on a computing device or electronic media, including but not limited to servers, computer desktops and laptops, cell phones, hard drives, flash drives, tablets or smart phones, CDs or DVDs, floppy disks, and magnetic tapes.
- 6. Legacy Data Information which has retained some importance or usefulness to the Association for a period of time but has been created or stored by the use of software and/or hardware that has subsequently become obsolete or been replaced ("legacy systems").
- 7. Record Any information (paper or electronic) recorded in a tangible form that is created or received by the Association and documents some aspect of its operations. A record has some enduring value to the Association that merits its retention for some period of time. Records include original and copies of contracts and other legal documents, memos, reports, forms, checks, accounting journals and ledgers, work orders, drawings, maps, images, photographs, and may be found in various electronic or machine-readable formats, including without limitation, CD-ROMs, DVDs, tape recordings, voice mail messages, e-mails, microfiche, web pages, computer, and other electronic files.
- 8. Other Information/Data Any other material that is of a transitory nature, that after serving its limited purpose or being transferred to a more permanent form, or being incorporated with other record material, Association has no need to retain such information except in the event of a legal hold. Some examples are notes, drafts, routine correspondence, informational or courtesy copies, extra copies of filed or preserved records, and emails containing non-record information (such as scheduling or logistics information, thank you notes, etc.).
- C. Retention of Records: Records shall be indexed and retained in a manner that ensures their easy accessibility. Records shall be maintained for as long as the period stated in the schedule appended to this Policy, which schedule is based on the minimum periods required by applicable state or federal law and necessity for ongoing business purposes. The retention schedule will be reviewed periodically and amended as needed to reflect changing legal requirements, business needs or The Chief Officers shall be deemed the evolving practices. Custodian/Records Coordinator for the departments they supervise and shall be responsible for supervising all the Association's retention practices and procedures and ensuring that appropriate internal controls are implemented. electronic records and other information shall be maintained in the formats and/or media and at the locations provided in the master index, which media shall ensure a life expectancy that, at a minimum, preserves the records for as long as specified in the schedule. All records that require transfer to storage media that is different from the media in which the document was originally created or is being maintained requires documentation of the transfer and verification for accuracy.

D. Destruction of Records & Other Information: Unless a legal hold is in effect, destruction of records shall occur within three (3) months after the time period stated in the schedule has been met. Other information should be discarded as soon practical after it has served its purpose unless subject to a legal hold. Destruction may occur by the following acceptable methods:

1. Paper

- a. Recycling or trash if no sensitive, personally identifiable, or confidential information is included.
- b. Shredding, burning, or pulverizing if sensitive, personally identifiable, or confidential information is included.

2. Electronic

- a. Deletion of records and data on shared network files, computer desktop and laptop hard drives, including personal copies.
- b. Deletion of distributed data/records on peripheral devices and portable storage media (e.g., tablets, memory sticks, CDs, floppy disks, etc.).
- c. Erasing or recycling of magnetic tapes.
- E. Suspension of Destruction/"Legal Hold": A legal hold is the process for suspending the destruction of records and other information that becomes necessary for the Association to preserve. A legal hold may need to be issued for various reasons, such as:
 - 1. A complaint is filed against the Association.
 - 2. A credible threat of litigation has been received by the Association.
 - 3. A discovery request is received.
 - 4. A records preservation order has been issued.
 - 5. A subpoena has been served on the Association.
 - 6. A governmental, regulatory or law enforcement agency has instituted an investigation.
 - 7. An event has occurred that resulted in death or serious bodily injury.
 - 8. A circumstance has arisen that is likely to cause the Association to file a lawsuit against someone or some entity.
 - 9. An employee has made a complaint/allegation/report regarding a violation of law, Association Policy, or other improper conduct prompting an internal investigation.

If a staff member of Association receives any such complaint, request, subpoena, or inquiry, they should immediately submit it to the General Manager. Following consultation with legal counsel, a determination will be made regarding the need to preserve records. If such a need is determined to exist, then the Association's attorney will issue a legal hold notification in the form appended to this Policy.

The legal hold requires the preservation of all records and other information detailed in the legal hold notice. With regard to electronic records and information, all such active, distributed, and archived materials must be preserved. Back-up tapes that

only contain records or other information redundant to that which is being maintained as active or archived data, will be recycled, or destroyed in accordance with the Association's regular back-up tape practice.

If a computer or peripheral device (e.g., smart phone, external disk drive, etc.) has stored on it records or other information subject to the legal hold, then any scheduled replacement of that computer or device must be suspended until the stored materials on such computer or device are copied to a secure medium before the computer or device is taken out of service. Such steps must be documented in a hardware replacement, IT maintenance, or other log noting the dates of such copying and the equipment replacement, the person responsible for the copying and replacement, and the location of the copied materials.

- F. Compliance & Questions: Every employee, Director, and agent of the Association is required to comply with this Policy. Training will be provided as needed to ensure that everyone subject to the Policy is familiar with its provisions and understands the specific responsibilities and tasks associated with carrying out the policy. Periodic compliance audits and testing of retention, legal hold, and destruction procedures will be undertaken at the direction and supervision of the Chief Officer for the department.
- G. Reporting of Suspected Noncompliance: Should any employee, Director, or agent of the Association become aware of information indicating that a person responsible for the retention or destruction of records is not in compliance with this Policy, such information shall be promptly reported to the General Manager.

Appendix II

Sample Legal Hold Notification

To ensure that every employee, Director and agent of the Association will recognize and respond appropriately to a notification that certain records are now potentially relevant and necessary for litigation or a governmental investigation, this appendix provides a sample legal hold notification.

URGENT NOTICE

To: Name all persons identified as likely to have relevant records including the designated

Records Custodian or Coordinator

From: CEO/Cooperative Attorney/Litigation Attorney

Date:

RE: Your Obligation to Preserve Records & Other Information

The event/circumstance described below has triggered an obligation to preserve records and other information. Your assistance is necessary and required for the preservation of Association's records and other information to fulfill Association's legal obligations and/or preserve Association's rights. Failure to fully comply with this directive could result in harm or penalties against Association; therefore, employees could be subject to discipline, up to and including termination of employment, for failure to follow the directives in this notice.

Event or Circumstance Triggering the Need to Preserve Records

(Description of lawsuit, investigation, occurrence, etc. If litigation, describe specific claims involved.)

Types of Records & Other Information to be Preserved

All paper and electronic records and other information that could be relevant to the above described event or circumstance <u>must be preserved – that is, retained and not deleted</u> – including, without limitation: (Tailor description as needed to specific trigger event – such as, documents (including drafts & revisions), spreadsheets (including drafts and revisions), emails (sent & received), databases, calendars, presentations, image files, maps, voice messages, data generated based on Internet activity (cookies, cache, history files), computer usage logs, etc.)

When potentially relevant records or other information exist on multiple platforms or media, for example: a file on a desktop computer, on a laptop computer, on a mobile device, on a portable storage medium such as a CD-ROM, and a paper copy, <u>every</u> copy must be preserved.

Any routine or planned destruction of these types of records or data that you are aware of and can control (e.g. a user's personal email setting to automatically delete messages older than a certain date) must be suspended for the period of this hold.

Time Period

All of the above described records and other information currently in your possession or under your control must be preserved (from this point forward until you are notified that this hold is lifted, or state specific time period if known).

Verification of Preservation

(Describe the actual steps that a recipient of this notice must take to verify preservation. Different types of records or information may require different preservation methods, e.g. certain electronic files may be subject to automatic purging that requires an override or programming change.)

Contact Person(s)

If you have questions regarding this notice, or are aware of any other persons not listed as recipients of this notice –including retired employees, contractors, consultants or others– who should receive this notice, please direct all such questions and information to ________(Provide name and contact details of the person overseeing the matter triggering the legal hold, such as the Association's attorney or litigation counsel).

Reminders

Reminders will be sent to you periodically during the course of this (*litigation, investigation, audit, matter*) to ensure that you continue to preserve relevant information and to inform you of any change as the matter progresses that would affect your preservation obligations. Such a change could include a change in scope that could add additional categories of records or other information for preservation or may require you to take additional preservation or verification steps.

(Note: For helpful guidelines on designing legal hold practices and procedures, see, The Sedona Conference Commentary on Legal Holds: The Trigger & The Process (Aug. 2007 public comment version), available at: http://www.thesedonaconference.org/content/miscFiles/Legal holds.pdf.

Regarding form & content of the legal hold notification: See also, the Sedona Principles at Comment 5.d: "While the form and content of the notice may vary widely depending upon the circumstances, the notice need not provide a detailed list of all information to retain. Instead, it should describe the types of information that must be preserved, with enough detail to allow the recipient to implement the hold. The notice should state that electronically stored information, as well as paper, is subject to the need for preservation. Additionally, the notice should: (i) describe the subject matter of the litigation and the subject matter, dates, and other criteria defining the information to be preserved; (ii) include a statement that relevant electronically stored information and paper documents must be preserved; (iii) identify likely locations of relevant information (e.g., network, workstation, laptop or other devices); (iv) provide steps that can be followed for preserving the information as may be appropriate; and (v) convey the significance of the obligation to the recipients. The notice need not demand preservation of all documents, only those affected by the preservation obligation. Additionally, the preservation obligation, except in extreme circumstances, should not require the complete suspension of normal document management policies, including the routine destruction and deletion of records. Communications should be accomplished in a manner reasonably designed to provide prominent notice to the recipients."

Regarding time period for the hold: In litigation, the hold should remain in effect until the litigation has been finally resolved, either settled or a final judgment issued and the time for all appeals has run. Similarly, in a governmental investigation or audit, the hold should remain in effect until the investigation has been finally concluded, but only if the conclusion of the investigation forecloses the possibility of future prosecution or enforcement actions, check-up audits or inspections, etc.)

Records Lost or Destroyed Prior to the Expiration of the Retention Period:				
Record Description	Applicable Retention Period	Loss or Destruction (Describe event or circumstances)	Date & Time Loss or Destruction Occurred (If not known, it seems to make sense to note when the loss or destruction was discovered.)	

(<u>Note</u>: The RUS rule does not identify any specific format for this certification. This sample contemplates that each destruction or loss event would be noted on a separate statement. Another possible format would be to include a signature and date column in the table of the master index to essentially maintain a running log of untimely destructions or losses.)

Financial Goals

Objective

- A. The purpose of this Policy is to provide guidelines and direction to maintain a sound financial position and provide for the security of the financial resources of the Association.
- B. The Association is organized under the laws of the State of Colorado and will always be operated on a not-for-profit basis for the mutual benefit of its Members. In addition to these legal requirements, the Association is guided in its operations by regulations and operational practices prescribed by various regulatory bodies and/or lender(s). Beyond these legal, regulatory, and lending requirements, the Association has an obligation to its Members to ensure the financial integrity of the Association so that it can provide high quality electric service at the lowest possible long-term cost consistent with prudent business practices.

Policy

- A. Periodic Reporting and Board Controls
 - 1. It shall be the Policy of the Board of Directors to review the operating reports monthly in relation to authorized programs and effect any remedial action necessary through the General Manager. In order for the Board to perform their basic function of control, the following strategic points of control shall be included in management's periodic report:

Report Description	Frequency
Statistical Report	Monthly
Operating Statement (Month and YTD)	Monthly
Balance Sheet	Monthly
Sales Report (Form 7 Power Requirements and	Monthly
Check Register	Monthly
Loan Fund Status (as applicable)	Monthly
Manager's Expense Report	Monthly
Donation Request Items	Monthly
Outage Report	Monthly
Summary of Write-Offs	Quarterly
Investment Analysis	Quarterly
Revenue Comparison	Quarterly

B. Planning Documents

1. In order to maintain a sound financial position and provide for the most effective management and security of the financial resources of the Association, the Board directs the General Manager or designee to create and/or update or see to the

creation and/or updating of the following planning reports and documents (hereinafter "reports"). These reports shall be created/updated on a regular basis with frequencies no less than the timeframes in the table below. All reports shall be reviewed and approved by the Board. Note that from time to time there may be other planning reports not included below that may be necessary to meet this Policy's intent.

Planning Report Description	To Be Created and/or Updated with Frequencies No Less Than the Following
Long Range Construction Plan	10 Years
Construction Work Plan	4 Years
Association Strategic Plan	Annually
10 Year Financial Forecast	Annually
Capital Budget	Annually
Operating Budget	Annually

2. The Association shall use all resources at its disposal to assist in preparing the aforementioned planning reports. These resources shall include but are not limited to annual independent audit; historical operating statements, balance sheets and cash flow analyses; and cost of service study.

C. Financial Goals and Parameters

1. The Board directs Management to operate the Association so that its financial operating results are within the following goals and parameters as established by the Board. Management shall review these financial goals and parameters annually and recommend changes to the Board, if necessary.

D. Major Capital Additions

1. The Association will finance additions primarily with debt capital, using sources of capital and financing arrangements that produce the lowest cost in conjunction with the prudent management of the Association's operations, debt service, and cash reserves. Major capital additions generally will include major additions of generation, transmission, distribution, general plant facilities, and major extensions and replacements of plant that significantly extend the life or increase productivity of the plant. These additions will also include supply inventories that are associated with major plant additions.

E. Minor Capital Additions

 Minor capital additions will be financed with cash operating reserves which are generated primarily from operating revenues resulting from sales of electricity by the Association. Minor capital additions will consist of minor general plant additions, such as office and transportation equipment, annual extensions, and replacements of plant facilities, required investments, fuel, material and supply inventories, and working capital requirements.

F. Equity Ratio

- 1. In order to minimize the risks associated with insolvency and maintain an optimal cost of capital, management shall strive to achieve the following equity ratio(s):
- 2. The Association will maintain an equity ratio between 30% and 60%. Equity ratio is defined as Total Margins & Equity divided by Total Assets & Other Debits.
- 3. The Association, through its operations, will strive, consistent with prudent business practices, to maintain a distribution equity level no less than 15%. The distribution equity ratio is defined as Total Margins & Equity less Generation & Transmission Patronage Capital Credits and divided by Total Assets & Other Debits.

G. Patronage Capital

- 1. The Association shall allocate and retire patronage capital dividends in a manner that is:
 - a. consistent with all legal and regulatory requirements;
 - b. consistent with operating on a non-profit basis under federal tax law;
 - c. fair and reasonable to the Association's Members and former Members;
 - d. provides the Association with sufficient equity and capital to operate effectively and efficiently;
 - e. in compliance with debt covenants; and
 - f. protects the Association's financial integrity.
- 2. The Association shall not retire any patronage dividends until the Board first determines that the retirement will not adversely impact the Association's financial condition. Subject to applicable law, the Association's Articles of Incorporation, and the Association's Bylaws, the retirement of patronage dividends is at the sole discretion of the Association's Board. The Board of Directors has set a goal to retire capital credits on a twenty-five (25) year cycle with a minimum amount of \$ 250,000.00 retired each year. Before a patronage refund is made, such account shall be verified to determine if:
 - a. any delinquent account exists with a Member currently receiving electric service;
 - b. any accounts receivable are due from a Member or former Member whose electric service has been discontinued; and
 - c. any receivables have been written off as uncollectible from the Member or former Member.
- 3. The records of the Association shall be maintained in such a manner as to determine those Members who have amounts due the Association that are either delinquent or have been written off. All or part of the Member's patronage refund shall be used to reimburse the Association for the amount due.

H. Rate of Return

1. The rate of return, rate base, and margins requirements shall be determined by the Board. Appropriate rates will be charged to maintain at least the minimum mortgage requirements and to attain the overall objectives of the Association. The Association will design rates for sales of electricity to its Members that will produce revenues over a projected annual period to pay all legal and other necessary expenses incident to the operation of the Association, not covered by These revenue requirements include maintenance costs, other revenues. operating charges, depreciation, upkeep, repairs, interest charges on bonds or other obligations, to provide a sinking fund to service principal indebtedness, to provide adequate funds to be used as working capital, as well as funds for making extensions and replacements and payment of any taxes that may be assessed against the Association or its property. To provide adequate funds for margins necessary to meet the Association's indenture requirements, estimates for business variables, and the equity level and general funds cash balance targets provided for by this Policy. The revenue requirements of the Association will be determined and approved as required by the Board based upon the Association's planning, budgeting, and forecasting process.

I. Coverage Ratios

- 1. In order to minimize liquidity and insolvency risk and maintain compliance with mortgage covenants, management shall strive to achieve the following coverage ratio(s):
 - a. OTIER, 1.10 to 2.0
 - b. OTIER (2 of 3-year high average), 1.10 to 2.0
 - c. Modified DSC (MDSC), 1.35 to 2.0
 - d. MDSC (2 of 3-year high average), 1.35 to 2.0
 - e. Current ratio, 0.5 to 2.0
 - In periods of significant short-term borrowing, this ratio may not comply with Policy requirements.

J. Short-Term Debt

- 1. The Association shall maintain a line-of-credit for short-term operating purposes in an amount not to exceed \$ 30,000,000.00.
- 2. The General Manager is authorized to establish emergency lines-of-credit as necessary to support the capital and operating needs of storm recovery efforts.

K. Long-Term Debt – Variable and Fixed

1. The aggregate amount of all loans drawn and available to be drawn by the Association shall not exceed the maximum debt limit established by the Board as contained in the Association's mortgage documents at \$150,000,000.00.

L. Cost of Service Study

 Management and Board shall strive to maintain a fair, equitable and risk rated balance between the collection of revenue and incurring of expenses between all revenue classes. This balance shall be determined through completion of an industry accepted cost-of-service study, completed on a regular basis.

M. Cash and Cash Equivalents (General Funds)

 Management shall strive to maintain a cash and cash equivalents (General Funds) average daily balance of no less than 2% of the Association's Total Operating Revenues.

N. Investment of Cash Reserve

- 1. It shall be the Policy of the Board of Directors to invest cash reserves not required for immediate operating or capital expenditures in U.S. Treasury obligations and/or federally insured financial institutions where said investment, together with all other deposits of the Association in said institution, do not exceed 10% of the equity capital assets of said institution or in Tri-State G&T's investment program in an amount not to exceed \$1,000,000 at any one time. This Policy shall not apply to deposits for operating or short-term capital expenditures. The General Manager is directed to exercise care in scrutinizing the financial stability of any said depository and to endeavor to utilize multiple accounts to maximize federal insurance wherever feasible. Working Capital Funds: Investments may be made in any of the following securities having a maturity of less than one (1) year:
 - a. Direct obligations of the U.S. Government (Treasury Securities)
 - b. Any agency or instrumentality of the U.S. Government (agencies)
 - Deposit accounts, Federal Funds, and banker's acceptances with domestic commercial banks having short-term certificates of deposit rated A-1, P-1 or better.
 - d. Commercial paper with a rating of A-1, P-1 or better.
 - e. Investments in money market funds rated "AAAm" or "AAAm-G" or better.
 - f. Certificates of deposit as permitted by the Association.
 - g. Obligations offered by cooperative lending sources (CFC, CoBank, etc.)

O. Financial Forecasting

1. Management shall create financial forecasts including: an Annual Budget and a 10-year financial forecast, further described below. The forecasts shall use the planning documents and incorporate the financial goals as identified in this Policy.

P. Annual Budget

- 1. Based on the planning documents and the financial goals identified in this Policy, management shall prepare or cause to be prepared an annual financial budget. The budget shall be prepared for the ensuing calendar year and shall be presented to the Board for their approval no later than December each year. The budget shall include, at a minimum, the following sections:
 - a. Assumptions used to prepare the budget.
 - b. Description of the primary changes and projects contemplated for the coming year.
 - c. Statement of operations.
 - d. Balance sheet.
 - e. Statement of changes in cash flow, detailing cash from operations, investing and financing.
 - f. Capital Expenditures.

Q. 10-Year Financial Forecast

- 1. Based on the planning documents and the financial goals identified in this Policy, management shall prepare, or cause to be prepared, a 10-year financial forecast. The first forecast year will contain the financial data from the annual budget above. A summary of the financial forecast shall be reported to the Board no later than December at its regular or special Board meeting each year. The financial forecast shall include and comply with all the financial goals and parameters identified by the Board in this Policy plus include significant assumptions utilized in its preparation. In order to comply with typical lender requirements, the 10-year financial forecast shall, at a minimum, contain the following sections:
 - a. Ratios
 - b. Balance sheet
 - c. Statement of operations
 - d. General funds
 - e. Load projections
 - f. Determination of operating revenue
 - g. Plant investment
 - h. Determination of debt and debt service
 - i. Cash flow

R. Conflicts with Financial Goals

1. If the financial goals in this Policy conflict with each other to such a degree that the financial forecast cannot reasonably achieve all of them at the same time, management shall communicate the conflict(s) to the Board. The Board shall, with management's guidance, discuss and resolve these conflicts.

Annual Audit

Objective

A. To set forth the Policy of the Association with respect to the audit of its accounts and records; to outline procedures for selection of independent certified public accountants to perform such audits and to establish the Association's auditing and reporting requirements.

- A. It shall be the Policy of the Board of Directors to cause a full and complete audit of the Association's accounts and records to be made annually by independent certified public accountants (CPA's), selected by the Board, and completely independent of management.
 - 1. Selection and Approval of CPA
 - a. The CPA selected to perform the audit will be independent. No CPA will be recognized as independent who is not in fact entirely independent. For example, an accountant will not be considered independent who has, or had during the period covered by the audit report, any financial interest, direct or indirect, in the Association, or was, during such period, connected with the Association as a promoter, underwriter, trustee, Director, officer or employee.
 - b. Consideration will be given to the qualifications of the accountants or accounting firms available to do the work, with particular regard to experience in performing audits of utilities and the ability to complete the audit and submit the reports within three months of the "As of" date of the audit.
 - 2. Auditing and Reporting Requirements
 - a. A written Audit Agreement will be obtained prior to the commencement of each audit which will include all provisions covering the engagement.
 - b. The annual audit will be performed, audit reports and supplemental letter prepared in accordance with mortgage requirements, generally accepted auditing standards consistently applied and the Audit Agreement.
 - c. As soon as possible after completion of the audit, but not later than the date stated in the Audit Agreement, the auditor shall prepare twelve (12) copies of the completed audit report and supplemental letter with copies of all audit adjusting and reclassification entries included therein and shall deliver via mail to the Association. The auditor shall also deliver an electronic copy of the completed report and supplemental letter(s) to the Association's Board of Directors no later than two (2) business days prior to the auditor's review of the final audit with the Board. The Association shall deliver an electronic copy

of the audit report to RUS and other lenders as required by individual mortgage agreements.

The auditor will schedule a review of the final audit with the Board at the first regularly scheduled meeting following the mailing of the audit.

- 3. Compensation
 - a. The auditor will be compensated for their services upon the presentation of an invoice prepared in accordance with the fee schedule shown in the Audit Agreement.

Estate Capital Credits

Objective

A. To establish guidelines for the administration of patronage capital credits of deceased natural person Members.

- A. It is the intent of the Board of Directors to consider early retirements of patronage capital belonging to estates of deceased natural persons. Since such retirements will occur prior to when patronage capital would generally be retired, early retirements will be on a discounted basis at estimated net present value.
- B. Capital credits of deceased members may be assigned to their heirs after receipt of the deceased member's death certificate, appropriate Association form(s), and Letters Testamentary or Letters Administration, if applicable. A written request for early retirement and payment of such capital credits may be made at such time.
- C. Since such retirements of capital credits occur prior to when capital credits would generally be retired, early retirements to the estate or heirs of the deceased member will be on a discounted, net present value basis. The Association's discount rate shall be six percent (6%). The Association's target retirement period shall be established at twenty-five (25) years for Distribution capital credits and forty (40) years for Generation & Transmission capital credits. The cash payment portion of the retirement is the sum of the net present value for each year of unretired capital credits.
- D. In the event payment is made to other than the executor or administrator of the estate of the deceased, or pursuant to the order of a court of competent jurisdiction, the Association may require, prior to payment, such bond, warranties, assurances, guaranties, and/or hold harmless agreements as it deems appropriate.
- E. The discount, which is the difference between the face amount of the unretired capital credits balance and the cash amount approved for early retirement, shall be irrevocably assigned, and contributed to the net savings of the Association.
- F. All such retirements shall be retired and paid in order of presentment to the Association. However, no special retirement and subsequent payment will be made for a deceased member earlier than when capital credits have been allocated for each calendar year, including the year of death, to which the deceased member is entitled.

- G. The Association shall offset the cash payment portion of the early retirement of capital credits against any amounts owing from patrons in accordance with the Association's Bylaws.
- H. Early retirements of capital credits shall not be made for:
 - 1. Deceased persons who are survived by a widow or widower that continues to be a patron of the Association as survivor of a joint membership.
 - 2. Business and other legal entities, including but not limited to, entities undergoing a reorganization or cessation of existence by dissolution, liquidation, merger, or consolidation.
 - 3. Members undergoing bankruptcy proceedings.
 - 4. Members reaching a certain age.
 - 5. Members failing to pay an amount owed to the Association.

Financing for Energy Efficiency and Beneficial Electrification

Objective

- A. To support and encourage energy efficiency and beneficial electrification by offering financing for products and services sold to members and non-member consumers by the Association.
- B. To provide Policy and procedure guidelines to staff and personnel in the processing of loans.

- A. The Association will establish a program that offers financing for the purchase and installation of eligible energy efficient, demand side management, and beneficial electrification products and projects to its members and non-member consumers.
- B. It is the intent of the Association to grant loans to members and non-member consumers regardless of race, color, religion, national origin, sex, marital status, or age (provided the applicant is old enough and otherwise has the legal authority to enter into a binding contract). The loan Policy is to ensure that no preferential treatment shall be given. All loan applications will be based on credit worthiness and the likelihood of repayment.
- C. This Policy is a working guideline for staff and is not all-inclusive. This Policy will not fit every situation and there may be valid reasons to deviate from Policy.
- D. In all cases, the Association will comply with Federal, State, and all other applicable laws and regulations.
- E. LOAN TYPES: The Association will establish the processes for taking loan applications and approving loans which shall include the following loan types:
 - 1. Residential Projects: Conventional loan
 - a. Staff reviews credit and payment history.
 - b. Chief Business Officer reviews applicable credit information.
 - c. General Manager or Chief Business Officer approval.
 - 2. Commercial and Industrial Projects with acceptable credit reviews under \$ 100,000: Conventional Loan, Operating Lease, or Capital Lease.
 - a. Staff reviews credit and payment history.
 - b. Chief Business Officer reviews at least two-years of financial statements and applicable credit review.

- c. On new construction projects, budgeted financial projections will be reviewed.
- d. General Manager or Chief Business Officer approval.
- 3. Commercial and Industrial Projects in the amount of \$ 100,000 or greater with acceptable credit reviews or where unique conditions exist: Conventional Loan, Operating Lease, or Capital Lease
 - a. Staff reviews credit and payment history.
 - b. Chief Business Officer reviews at least two-years of financial statements and applicable credit review.
 - c. On new construction projects, budgeted financial projections will be reviewed.
 - d. General Manager or Chief Business Officer approval.
 - e. Board of Directors for final approval.
- F. INTEREST RATES: The General Manager or designee shall be responsible for setting the interest rates. The interest rate and other fees applicable to any loan shall be based on the internal rate sheet.
- G. LOAN TERMS: The Association will establish loan repayment terms based on the following parameters:
 - 1. Projects under \$ 5,000.00 not more than five (5) years.
 - 2. Projects under \$ 10,000.00 not more than ten (10) years.
 - 3. Maximum repayment term of not more than twenty (20) years on any project of \$ 10,000.00 or more.
- H. DOWN PAYMENT AND LOAN LIMITS: Down payment may be collected depending upon credit rating and/or payment history. Where required, the minimum down payment shall be no less than:
 - 1. Residential projects: Five percent (5%)
 - 2. Commercial and Industrial projects: Ten percent (10%)
- I. BILLING, PAYMENT, AND COLLECTIONS: The Association will establish the process for billing, payment, and collections consistent with its Bylaws, Policies, Tariffs, and Procedures.
- J. ELIGIBLE ITEMS: Examples of items eligible for financing include, but are not limited to, air sealing, water heaters and other heating and cooling systems which reduce energy consumption or peak demand, insulation, storm or thermal windows, storm or thermal doors, LED lighting, electric vehicle chargers, solar photovoltaic array systems, battery energy storage systems, generators, generator plugs, whole house fans, high velocity low speed fans, combined heat and power systems, other beneficial electrification equipment, and costs to install the various eligible items.
 - 1. Where a member or non-member consumer performs or contracts for installation themselves and does not utilize installation services provided by the Association,

financing will be limited to the total cost of all products provided by the Association.

- K. INELIGIBLE ITEMS: Items not eligible for financing may include, but not be limited to, new home construction and renovation projects that do not contain energy efficiency or beneficial electrification measures. The Association shall review projects on a case-by-case basis to determine eligibility.
- L. CREDIT REPORT: The Association will require a credit report on each applicant to help determine a member or non-member consumer's credit worthiness. Strict attention is paid to all credit report data to ensure that all the available information is utilized in the credit decision process. The FICO score will be used to help in determining credit worthiness; however, at no time will the FICO score be used as the sole determining factor of credit worthiness.

In general, a FICO score above 740 would be considered to indicate a very good repayment history on historical debt, with better than average loan repayment probability. FICO scores from 650 to 739 would indicate an average to fair repayment history on historical debt with an average loan repayment probability. FICO scores below 649 will be considered on a case-by-case basis.

In the event of limited or no credit history, the Association will consider secondary sources of credit experience (i.e.: rent, utility payments or insurance premium payments). Also, in the event credit is not reported to a credit reporting agency, a twelve (12)-month history will need to be verified.

- M. FINANCIAL STATEMENTS/TAX RETURNS: Self-employed applicants must submit the previous two (2) years of tax returns or prepared financial statements combined with the most current financial statement.
- N. BANKRUPTCY: Generally, the Association does not extend credit to anyone who has declared bankruptcy; however, mitigating circumstances will be considered, such as a bankruptcy discharged more than two (2) years or when the borrower has re-established credit. When a bankruptcy is noted on a credit report, the Association will investigate the situation and request the borrower(s) provide a written explanation.
- O. HAZARD INSURANCE: The Association will require hazard insurance on all loans within ten (10) days prior to disbursement of loan proceeds. If a borrower fails to keep the insurance in force throughout the loan period, the Association may force place insurance to protect the Association's interest in the collateral.

- P. CO-SIGNERS/GUARANTORS: For residential loans, the Association may, at times, require a co-signer; however, the Association cannot dictate who the co-signer must be. Co-signers or guarantors are required to meet all credit requirements as well. Any entity, such as an LLC or partnership, that applies for a loan will be required to have all principal owners of the entity sign individually as guarantors for the loan. Principal owners will be determined through Corporate Resolutions and Corporate Tax Returns.
- Q. SECURITY: All loans shall be required to be secured with collateral. The following are types of collateral that the Association will utilize.
 - 1. Real Estate Mortgage/Deed of Trust, along with Title Insurance
 - 2. Personal Property
 - 3. Equipment, Inventory, Machinery, Accounts Receivable, Rents, Pledges
 - 4. Irrevocable Letters of Credit
 - 5. Any other type of collateral that may be utilized as collateral.

Objective

- A. To establish planning guides in system facility requirements.
- B. To establish an integrated plan for facilities development capable of serving system conditions within limits of good utility standards and interpret into financial requirements necessary to carry out the plan.

- A. A four (4) year work plan, complete with estimated capital expenditures will be prepared and reviewed with the Board of Directors at the end of each fourth fiscal year, or more often, if necessary. In addition, a twenty (20) year long-range system plan shall be prepared, updated and reviewed with the Board at the same time as the Work Plan or as necessary. The work plan shall include, but not be limited to:
 - 1. System Study
 - 2. Load Forecasts
 - 3. Construction Requirements
 - 4. System Improvements
 - 5. Estimated Capital Expenditures

Purchasing Procedure

Objective

- A. To initiate purchase of goods and services by the Association.
- B. To assure proper control of purchasing activity.
- C. To ensure the Association's compliance with all applicable State, Federal, and RUS requirements.
- D. Ensure that the maximum value is obtained for dollars spent.
- E. Ensure that suppliers have financial and organizational capabilities to provide the products or perform the services required by the Association.
- F. Implement new commodities in the requisition and purchase order system, providing training and instruction to system users as appropriate.

Policy

A. Budgeted Items

- As needs and goals may have changed from the time the budget was prepared and approved, it remains necessary for employees to follow the procedures and complete the paperwork to obtain items.
- 2. Credit cards are available to employees. The Chief Business Officer or designee maintains the credit card limits and assigns cards for use. Common uses include:
 - a. Internet orders.
 - b. Items costing less than \$1,000.00.
 - c. Emergencies.
 - d. One-time purchase from vendors whom the Association does not have an established account.
 - e. Approved travel arrangements and expenses.
- When requesting a purchase order for budgeting items, the appropriate GL code, Department code and Activity code for the purchase must be provided to the Purchasing Manager.

B. Office Supplies

- 1. Day-to-day office supplies are available on a "self-serve" basis. Any items not found in supply or when a large quantity of an item is needed, contact the Purchasing Manager to request items.
- 2. Employees at field offices may purchase items totaling up to \$250.00 if authorized by their direct supervisor or Purchasing Manager. Other employees with

emergency needs may make purchases up to \$250.00 by paying with the assigned Association credit card or with cash and submitting receipts. Small amounts can be reimbursed by petty cash.

C. Purchases over \$1,000.00 and Capital Purchases

- 1. A purchase order is required for all goods and services in this range, for accounting and the Association to be aware of financial obligations, as well as being able to track, reference, and communicate the terms and conditions to the vendor.
- 2. An employee can initiate the purchase order process by completing a requisition in iVUE or by contacting the Purchasing Manager. Provide the Purchasing Manager with the Work Order number or Asset Location the item(s) will be charged to in addition to all detailed information about the purchase. Purchasing generates the purchase order after receiving the proper approvals. A copy of the purchase order will be emailed to the employee for their records and to the vendor.
- 3. For items that are not part of the approved budget or construction work plan, a minimum of staff level approval, other than the requester, is required in all cases for purchases of \$1,000.00 to \$5,000.00. A Chief level approval is required in all cases for purchases greater than \$5,000.00.
- 4. On any purchase exceeding \$20,000.00 (except to maintain normal minimum inventory stock) a bid procedure shall be followed for:
 - a. Purchases contained in the work plan; the responsible staff member will obtain multiple quotes where feasible and consult with the Purchasing Manager regarding the proper bid procedure.
 - b. Purchases outside the work plan; the Purchasing Manager will follow the bid procedure. The Purchasing Manager shall conduct this bid opening and report the results in a regularly convened Board of Directors meeting. The Board of Directors may then take Board action in approving the purchase and executing the appropriate contracts, if required.

D. Receiving

 An employee who receives items directly, notifies the Purchasing Manager and forwards the packing slip and/or receipts to the Purchasing Manager, marked with the date received. The Purchasing Department receives the item(s) in iVUE, scans the documentation into electronic storage, and provides the information electronically to accounts payable for payment.

E. Responsibility

1. All employees of the Association are responsible for compliance with this Policy and the procedures that support it. The Chief Business Officer is responsible for day-to-day administration of this Policy. The General Manager is responsible for the overall administration of this Policy.

Requests for Association Information

Objective

- A. To establish the procedures to be followed in responding to requests for Association information.
- B. To establish the cost of reproduction to be charged.
- C. To provide a procedure for rejecting improper requests.
- D. To provide a procedure for appealing rejected requests.

- A. Requests for current Articles of Incorporation, Bylaws, Board of Director Policies, standard Board packet information, annual reports, and newsletters of the Association shall be provided to the requesting Member, paper copy or electronic copy, at no charge and such requests shall not be required to be accompanied by a completed Request for Information Form.
- B. Each candidate for a position on the Board of Directors is entitled to receive a membership list in an electronic format upon receipt and verification of a valid petition and upon completion of a Request for Information Form.
 - 1. The membership list must include the names and addresses of all members, including joint members, as they appear in the Association's records.
 - 2. Candidates shall use such lists only for the purposes of the election and shall return or destroy the lists immediately after the election.
- C. The following information shall be provided to a Member upon completion of a Request for Information Form and payment of actual incremental cost of producing the information as provided in paragraph J below:
 - 1. Names and mailing addresses of Association Members.
 - 2. Collective Bargaining Agreements to which the Association is a party.
 - 3. Documents provided in open session of Board or committee meetings such as minutes, budget documents, studies, and correspondence between the Association and third parties.
 - 4. Published information which shall include documents provided to any regulatory authority including, but not limited to, the Public Utility Commission, Federal Energy Regulatory Commission (FERC) and Securities and Exchange Commission (SEC) filings.

- D. The General Manager or designee will determine whether the requested document or publication falls within Policy.
- E. All requests for documents or information which do not fall under paragraphs A or B shall be accompanied by a Request for Information Form which has been completed and signed by the requestor. The completed form shall be submitted to the General Manager or designee who shall determine if the request is being made for a proper purpose. For the purposes of this Policy, a proper purpose is one that is necessary for the Member to protect or carry out their Membership interest in the Association.
- F. Requests from non-Members or deemed to be for an improper purpose shall be denied. Any denial of a request for information shall be accompanied by an appropriate explanation. Any request that has been denied may be appealed to the Board of Directors and they shall make the final decision whether the request is for a proper purpose.
- G. Some information, because of its sensitive nature, will not be made available. Requests for information that the General Manager or designee determines to be in this category shall be referred to the Board of Directors for a decision. The types of information contemplated by this Section are:
 - 1. Matters the knowledge of which would clearly have an adverse effect on the Association's finances.
 - 2. Personnel matters including, but not limited to, the hourly wages or salaries and fringe benefits of specific employees, and any current or former employee's personnel file or records (including the General Manager's), and any other person's file or record, unless such request is made by:
 - a. A federal, state, or local administrative agency pursuant to a properly noticed and adopted statute, ordinance, rule or regulation.
 - b. Court order.
 - c. Disclosure is permitted by the employee in writing.
 - 3. Subjects that tend to prejudice the reputation and character of a person.
 - 4. Matters discussed with an attorney for the Association, the knowledge of which could have an adverse effect on the Association's legal position.
 - 5. Matters protected by the attorney-client privilege and/or subject to the attorney work product doctrine.
 - 6. Matters subject to the privacy laws of state and federal governments.
 - 7. Matters considered confidential under copyright or patent laws.
 - 8. Matters discussed in executive session of the Board of Directors and/or Committees and materials not otherwise disclosed which are distributed in executive session of the Board of Directors and/or Committees.
 - 9. Trade secrets.
 - 10. Items that are by agreement confidential.
 - 11. Proprietary information, the release of which would adversely affect the finances of the Association.
 - 12. Matters subject to the self-evaluative privilege.

- H. Except as provided in paragraph H below, information contained within a Member's file is confidential and will not be provided to anyone except that individual Member or their spouse upon receipt of proper identification. Presentation of a Release of Information Form signed by an authorized agent is also acceptable. Information will not be released to law enforcement personnel or other individuals or agencies without a subpoena or search warrant, or other appropriate court order. However, the Association may disclose to law enforcement personnel without a subpoena or search warrant information from Member's files relating to crimes committed against the Association by that Member.
- I. The Association has the right and the duty to safeguard the disclosure of the Association's membership list against such list's use for improper purposes. If the General Manager or designee has reason to believe that the use of the membership list may be for improper purposes, the General Manager may deny the request. Said denial may be appealed to the Board of Directors. The Association may also seek judicial protection of court-imposed conditions on the use of the membership list, if necessary.
- J. The charge for copies shall be \$2.00 for the first page, twenty-five (25) cents per each additional page, and \$40.00 per hour for labor for researching and making copies of the documents if the time spent exceeds one-half (1/2) hour. If the copies are provided in an electronic version, the charge for copies shall be \$25.00 and \$40.00 per hour for labor for researching and creating electronic copies of the documents if the time spent exceeds one-half (1/2) hour. An estimate of reproduction costs may be requested prior to copying. Members may review the documents requested prior to copying to determine what pages they want copied but must still pay the cost of researching those documents.
- K. The Association recognizes that the cost of reproducing voluminous studies and reports may place a financial burden on the resources of many individuals. Therefore, the Association shall, whenever possible, make available at least one (1) copy of major studies and reports not covered under paragraph F 1 12 to interested parties for inspection. These copies shall be available for inspection at the Association's headquarters. Members can review and designate what portion or pages of those reports, if any, they wish copied.
- L. All proper and completed requests will be handled as expeditiously as possible, given the operating needs of the Association.
- M. It shall be the ultimate responsibility of the Board of Directors to ensure the Association complies with proper requests for information.
- N. It shall be the responsibility of the General Manager to implement this Policy by promptly providing documents when properly requested and by promptly denying improper requests with an appropriate explanation.

Objective

A. To establish the rules regarding protecting Member/consumer privacy.

Policy

- A. Information Collected by the Association
 - 1. The Association receives and retains information about our Members/consumers through:
 - 2. Applications and other forms, whether written, verbal, or electronic
 - 3. Transactions by the Members with the Association or other related organizations
 - 4. Consumer-reporting agencies
- B. Association Uses of Member/Consumer Information
 - 1. The Association limits the use and collection of nonpublic personal information to that which is necessary to maintain and administer financial services. Member/consumer information is not shared with third parties unless:
 - a. The information is provided to help complete a transaction, such as credit reporting agencies or document processing companies.
 - b. The Member/consumer has requested it.
 - c. The disclosure is required by law, i.e., subpoena, investigation of fraudulent activity, etc.
 - d. The disclosure is required by banking regulations, i.e., Fair Lending Reporting Act, Home Mortgage Disclosure Act, etc.
 - e. When Member/consumer information is provided to any third party mentioned above, that third party shall agree to adhere to privacy principles that provide for keeping such information confidential.

C. Confidential Information

- The Association expects employees to keep confidential any information which may reflect things of a personal nature regarding Members/consumers or business associates.
- 2. All information relating to activities of subsidiaries shall be considered as confidential information.
- D. Privacy of Member/Consumer Information
 - Personally identifiable information about Members/consumers shall be collected only by fair and lawful means and for appropriate purposes. This information shall be maintained in an accurate, complete, timely manner as necessary for the purpose for which the information is to be used and shall be maintained with reasonable and appropriate technical, administrative, and physical safeguards to

- protect against foreseeable hazards such as loss, unauthorized access, destruction, misuse, modification, and improper disclosure.
- 2. The Association shall not sell, rent, loan, exchange, or otherwise release Member information.
- E. Notwithstanding paragraph A., no Member/consumer's business shall be discussed with a second party by employees of the Association unless the Member/consumer has provided a Release of Information form to the Association for a second party. If necessary due to extenuating circumstances, limited information may be released with verbal permission for the Member/consumer.
- F. Any deviation from this Policy shall be made only with the written approval of the General Manager.

Identity Theft Prevention (Red Flags Rule)

Objective

- A. To establish a program to detect, prevent and mitigate the theft of Member Personal Identifying Information.
- B. To comply with the requirements of the Federal Trade Commission "Red Flags" Rule (16 C.F.R. § 681).

Policy

A. All employees with access to Member information will follow this program's guidelines to identify and respond appropriately to the occurrence of risk factors.

B. Definitions

- 1. Red Flag A pattern, practice or specific activity that indicates the possible existence of Identity Theft.
- 2. Identity Theft A fraud committed or attempted using the Identifying Information of another person or entity without authority.
- 3. Identifying Information Any name or number that may be used, alone or in conjunction with any other information to identify a specific person, including name, Social Security number, date of birth, any government issued driver's license or identification number, government and passport number, employer or tax identification number, or address.

C. Preventing and Mitigating Identify Theft

- Any employee who becomes aware of a Red Flag or potential Identity Theft related to a Member will immediately inform a Supervisor for further review and inquiry. The Supervisor will take, or direct, appropriate steps to verify the existence of a Red Flag and will report the incident and the steps taken to remove the Red Flag or mitigate the impact of Identity Theft to the Chief Administrative Officer.
- 2. If the Association discovers an incident of Identity Theft, appropriate steps will be taken to mitigate the impact of the theft. These steps may include, but are not limited to:
 - a. Monitoring an account for evidence.
 - b. Contacting the Member and/or requiring the Member to appear at an Association office in person.
 - c. Closing an existing account.
 - d. Reopening the account with a new account number.
 - e. Putting a stop payment or hold on capital credit or deposit refund checks.
 - f. Notifying law enforcement.
 - g. Determining that no response is warranted under the particular circumstances.

3. The Chief Administrative Officer will maintain a log of reported incidents.

D. General Practices

Last Reviewed:

- 1. An applicant for service must agree to an Online Utility Exchange credit check and ID verification. If the applicant declines or does not have a Social Security Number, the applicant must pay a security deposit of no less than \$300.00 unless otherwise stated in the Association Tariffs, supply two (2) forms of government issued photo ID, and complete a membership application form.
- E. It is the Policy of the Association to not provide a Member's Identifying Information to any person, either verbally or in writing, except in accordance with Board of Directors Policies 4-1 and 4-2.
- F. The Association has a business relationship with third party vendors for providing software and support to manage the Association's Member information, taking Member information and payments, and maintaining a secure website. Under these business relationships, the third-party vendor has access to Member Identifying Information. Ongoing oversight of third-party vendors will be established to assure that Member Identity Information is secure and utilized properly.
- G. The Association is not aware of any unauthorized access to Member Identifying Information as of the initial adoption of this Policy.
- H. This Policy will be reviewed at least annually to determine if Red Flags have been detected or experienced, whether changes need to be made to aid in the detection of Identity Theft, and whether the Policy needs to be revised to address any future risks. This Policy will also be re-evaluated when new methods of Identity Theft are discovered.
- I. To ensure that employees are familiar with the provisions of this Policy, including updates to the Policy, the Association will provide employee awareness training at least annually for employees with access to Members' personal information.

- A. To provide a continuing program for informing Members concerning their rights and responsibilities as Members of the Association.
- B. To keep the Members and general public fully informed of the Association's viewpoints, objectives, policies, and procedures.
- C. To keep the Members and general public fully and currently informed regarding plans, programs, and achievements of the Association; to obtain their understanding, acceptance, and support.
- D. To keep the Members and general public fully and currently informed on engagement with distributed energy and the impact of distributed energy on the Association's future.

- A. It shall be the Policy of the Association to develop and carry out a continuing and comprehensive Member education and public relations program which will:
 - 1. Provide sufficient information and communication to enable Association Members and the general public to fully understand the principles and philosophies of Association enterprises and the Policies and procedures of the Association.
 - 2. Encourage Members to exercise their right and responsibility to participate fully in the affairs of the Association.
 - Keep the Members and general public fully and currently informed regarding plans, programs, and achievements of the Association, including financial status and operating problems; to obtain increased understanding, acceptance, and support.
 - Provide information on services available by the Association and other organizations which relate to the improvement of rural family and community living.
 - 5. Render advice, assistance, and counsel to Members in making full and effective use of electric energy.
 - 6. Use available means to inform the general public of the values of the Association in contributing to the local economy and a better life for rural and urban people.
 - 7. Provide for Association assistance and participation in community and civic activities within limitations of Board Policy.
 - 8. Provide a continuing training program for all employees on the essentials of giving prompt, courteous, and efficient service to everyone we serve; endeavoring to

- settle complaints amicably; keeping Members informed on the Association's viewpoints, objectives, Policies, and activities.
- 9. Provide sufficient media to carry out these activities effectively as a regular part of the Association's operations.
- 10.Become the Members information resource center and trusted energy advisor on all aspects of distributed energy.
- B. It shall be the responsibility of the General Manager or designee to administer this Policy and to develop such controls as is necessary for keeping the Board of Directors informed.
- C. It shall also be the responsibility of the General Manager or designee to make recommendations from year to year regarding improvements or changes as necessary for the most effective program.

Energy Conservation

Objective

A. To establish a Policy concerning use of energy by the Association and its Members, particularly regarding effectiveness, efficiency, and conservation of energy. This objective is consistent with the utility responsibilities of an electric cooperative and its prime concern for Members' needs.

- A. Regularly examine the Association's own use of energy. This includes, but is not limited to, engineering design and construction, in-house lighting and climate control, and use of vehicles.
- B. Develop and carry out a system-wide program of energy management, including promoting energy conservation, adequate home insulation, weatherization, efficient irrigation and other farm and business uses, and effective and efficient use of energy in the home.
- C. Develop and carry out an information program so that the need for energy management is understood along with understanding of what each Member can do to meet energy use needs most effectively.
- D. It shall be the responsibility of the General Manager or designee to develop work plans and budget recommendations to carry out this Policy and to develop appropriate control reports to assess results.

Renewable Energy

Objective

A. To define the Association's position regarding renewable energy resources.

- A. The Association has a long term, all requirements contract with Tri-State G&T, which limits participation in the development of renewable energy projects.
- B. The Association recognizes the importance of considering renewable energy for the Members.
- C. Any renewable resource must be evaluated carefully to balance costs and benefits.

Interconnection of Distributed Resources

Objective

A. To establish the rules and conditions under which Member-owned generation may be connected to the Association's distribution system.

- A. Members may self-generate by separating themselves from the Association's distribution system or may generate in parallel with the Association distribution system under the following conditions:
 - Parallel Generation: A Member of the Association shall only be permitted to generate electricity by connecting Member-owned generation in parallel with the Association's electrical system under the following conditions:
 - a. The Member shall abide by the laws. If the generator is larger than maximums covered by law or the Association's contractual obligations, the Member shall obtain an agreement with the Association and other entity required to purchase the output of the generator unless specific provisions are made by the Association and Tri-State.
 - b. The Member shall submit to the Association plans of their proposed installation and must obtain approval for the installation. This approval process will include a review by the Association of the effect of the proposed generation on the Association's distribution system, including its protective scheme. The Association reserves the right to refuse to connect parallel generation to its distribution system based on this review. The Member requesting interconnection shall pay the cost of this review. No installation shall be permitted that reduces reliability to other Members or causes voltage conditions on the system to be outside of the limits of ANSI C84.1 Range A. No installation shall be permitted that is expected to produce objectionable harmonics on the system. Any mitigation required to resolve harmonic problems created by a Member-owned generator shall be completed and paid for by the Member.
 - c. The Member shall be responsible for the cost of any alterations to the Association's distribution system to interconnect the proposed generation to the Association's distribution system, including upgrade of conductor size or installation of transformers to accommodate the output of the unit.
 - d. The Member shall pay for the cost of the metering, specified, and installed, necessary to measure the output of the unit. At a minimum, the metering data shall be time differentiated and shall be capable of measuring energy flow in both directions.
 - e. For any Member choosing to self-generate, the Member shall be served under provisions of a rate schedule that recovers the Association's cost of service.

- f. The installation shall meet the requirements of the Institute of Electrical and Electronics Engineers (IEEE) 1547 "Standard for Interconnecting Distributed Resources with Electric Power Systems," requirements of the National Electrical Code (ANSI/NFPA 70) latest edition, requirements of the National Electrical Safety Code (IEEE C2) latest edition, requirements of the State of Colorado, requirements of the local municipality and the requirements of the Association's engineering department. The Member shall certify that these requirements have been met and shall provide an electrical inspection by an inspector from the Association's list of inspection agencies.
- g. The Member making the installation shall indemnify and hold harmless the Association from the operation, non-operation, or interconnection of Memberowned generation equipment. In addition, the Member shall carry liability insurance in an amount acceptable to the Association to cover potential claims with the Association named as an additional insured.
- h. The Member shall agree to periodic testing of the protective equipment installed with the generator as required by the Association's engineering department with the cost of testing borne by the Member.
- i. If the Association is to supply standby service or synchronization service, the Member shall pay to the Association a monthly bill as specified in the Association's Tariffs to reserve capacity.
- j. The Member shall provide a lockable disconnect and a visible open, that are always readily accessible to and operable by authorized Association personnel.
- k. The Member shall provide the Association access to the Distributed Resources facility during normal business hours and all emergency situations.
