

SAN ISABEL ELECTRIC ELECTRIC VEHICLE PROGRAM GUIDE

Buy an EV charger to get nearly half-price electricity

EV owners who charge their vehicles with a home charging station are eligible for nearly half-price electricity for all of their electric usage during for 12 hours a day in the winter and 8 hours a day in the summer.

San Isabel Electric member-owners who have installed an approved battery charging unit are eligible for the electric cooperative's time-of-use rate.

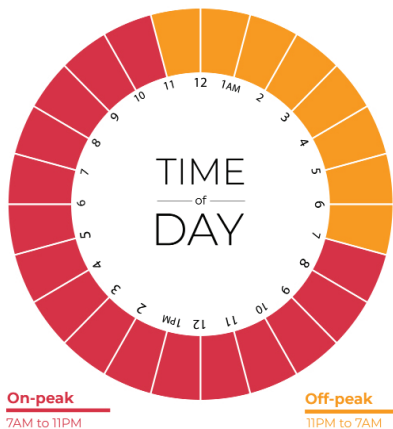

Residential member-owners who choose to charge their electric vehicles at home, during off-peak hours can **pay as little as the equivalent of \$0.59 per gallon** of gasoline, depending on the amount of electricity used during the billing cycle.
