

San Isabel Electric Steffes ETS Lifetime Repair Contract

THIS CONTRACT COVERS THE FOLLOWING:

-  ETS repair contracts are available to new & existing members with 2000, 2100 series room units, 3100 series forced air furnace, 4100 series forced air furnaces, and 5100 series hydronic units.
-  Repair contract is not a maintenance contract and should be considered for failures and parts replacement (not for routine maintenance).
-  Contract will cover replacement of failed parts within the unit, with only parts available from the manufacturer (Steffes).
-  The trip, diagnosis, labor to repair, and cost of the part are included in the contract coverage.
-  The contract will be attached to service location once purchased.

CONTRACT COST

- 2000 Series - \$300
- 2100 Series - \$250
- 4100 Series - \$450
- 5100 Series - \$600
- Additional units - \$75 each
- 0% financing for 12 months is available for this contract.

EXCLUSIONS:

-  This contract will NOT cover:
 - any electrical work to include wiring and connections, or circuit breakers.
 - duct work on central furnaces or plumbing on hydronic systems or thermostats.
 - any repairs due to abuse of the unit, water damage, or failures caused by improper self installation.
 - the cost to replace a unit that cannot be repaired with available replacement parts. (\$250 "trade" can be applied if new unit needs to be purchased)
 - removal or disposal of unit that cannot be repaired.
 - any heating units or devices outside of Steffes ETS units.
